

TRIAL OF BISHOP STARTS FRIDAY

Jurors and Witnesses Notified to Appear on That Day.

DEMURRERS ARE PREPARED

Thursday Will Be Taken Up by Arguments of Counsel.

Times-Dispatch Bureau, 169 North Sycamore Street, Petersburg, Va., March 21.

The trial of Carter R. Bishop, former cashier of the old Appomattox Trust Company, which was set for Thursday, will not be taken up until Friday, on which day, jurors and witnesses have been notified to appear. Mr. Bishop, as has been stated, had nine indictments returned against him by the grand jury, one of which was for making false reports of the condition of the bank to the Corporation Commission, and two for failure to charge the account of Charles Hall Davis with certain sums of money, one for \$15,000 and one for \$10,000. It had been agreed by counsel and approved by the court that the first of these latter two indictments should be taken up on Thursday. But it is understood that counsel for Mr. Bishop, Wilcox and Wilcox, on Thursday, entered demurrers to these indictments, and the day, it is expected, will be practically consumed in the argument.

Interesting Case Argued. Judge Mullen, of the Hustings Court, has been hearing argument all day on exceptions taken to the report of Commissioner Charles E. Plummer, fixing the status and rights of claimants in the case of the Phillips Line of steamers, now in the hands of receivers. Commissioner Plummer's report, a full and voluminous document, was filed with the court some days ago, and a number of exceptions were taken to it by parties holding claims against the line. Among the members of the bar in court to-day, representing the exceptions, were H. H. Little, W. McK. Woodhouse, H. E. McCoy and H. K. Wolcott, of Norfolk; W. B. McIlwaine, Wilcox & Wilcox, S. W. Zimmerman, J. M. Quickle, Jr., R. B. Davis, Roper, Davis and others. Argument probably will continue to-morrow.

Cases Against Trolley Men Dismissed. The coroner's jurors investigating the causes leading to the death of Isaac Harrison by trolley accident, on the evening of March 9, held their final session last night, and at a late hour rendered a verdict that Mr. Harrison came to his death as the result of a fracture of the base of the skull, caused by being struck by the trolley of the Virginia Railway and Power Company, and that the accident was due to the negligence of Conductor M. G. Talley and Motorman George W. Gormons.

The two men were ordered under arrest by the coroner on the night of the accident on the charge of involuntary manslaughter, and they have since been out on bail to await the verdict of the jury. This morning they appeared in the Police Court, accompanied by counsel, and went to trial. After carefully considering the evidence, a good deal of which was of a technical character, Justice Plummer dismissed the cases, declaring the evidence to be insufficient to justify holding the defendants for crime.

Arrested for Cutting. J. D. Milton, a white citizen of Chesterfield county, was arrested yesterday afternoon by the county authorities and turned over to the Petersburg police. He is charged with the felonious cutting and wounding of Eddie Randall (colored), several nights ago in the city. Randall is in the hospital suffering from a twelve-inch gash in his shoulder. The case was continued until Friday, and Mr. Milton was bailed in the sum of \$200.

Improvements at Disputanta. The Norfolk and Western Railway is building a new water tank of 50,000 capacity near its station at Disputanta. The water will be conveyed from a tank through an eight-inch pipe from a pond owned by the company three miles away.

At the last meeting of the directors of the Bank of Disputanta it was decided to erect a new bank building on the site of the present one, a brick structure 25 by 40 feet. The officers are: President, Hon. R. H. Hobbins; Vice-President, J. H. Blinford; Cashier, W. Wolfe. The bank is said to be in flourishing condition.

Plans to Be Made. The Fair Association has contracted with M. P. Andrews & Company, architects, to furnish plans for the buildings to be erected on the Fair Grounds at West End Park. It is estimated that the buildings will cover 45,000 feet of floor space.

Petersburg Satisfied. The Petersburg Board of Commerce is satisfied with the schedule adopted by the league magnates in Richmond yesterday, with the salary limit of \$12,000, and with the measures adopted to restrain the team. They are satisfied also with the action giving Petersburg so many Saturday games at home. The new Petersburg players, to whom transportation was sent some days ago, are beginning to arrive. Some half a dozen came in to-day and to-night.

Business Bureau feels assured that he will have a winning record this season. The new park will be in readiness by the opening of the season, and is said in readiness for practicing now.

Sale of Sycamore Street Store. The handsome store and office building at the northeast corner of Sycamore and Tabby Streets, known as the "Sala building," was sold at public auction at 5 o'clock this afternoon for Moses R. Saal, the owner, by T. Pannill Sons. The sale created a great

amount, the aggregate of which was \$562.22. The exhibit was read and filed.

It was shown by witness that out of the \$562.22 paid for the exhibit, the city had furnished and could account for \$555.54. This left \$7.75 unaccounted for.

Witness said he had been associated with the City Engineer's Department for about twenty-two years, and that during this time he had seen the city and been the custom of the city to supply its own stone. That it had frequently been required that the contractor haul this stone.

The statistical paper filed by Mr. Talley showed that the \$555.54 was identified with contracts for building 175 basins to city sewers. Of these, the city supplied stone for 141 basins, and the remainder for the remaining thirty-eight basins was furnished by contractors.

Mr. Fulton asked witness how many contracts for sewer work between March 23 and December 22, 1910 were identified with the city's supply of stone, requiring the contractor to furnish stone.

Mr. Talley replied that he knew of no many contracts of this kind. He said, however, that this number might not embrace all, as he had not been between those contracts for sewer work called only for such work as was given out by Mr. Bolton, and did not include the sewer work which was given out between the two given dates.

Stone Not Charged. Replying to questions from Mr. Talley, witness said that an unknown number of the "top contracts" were furnished in sewer work of the city and never charged up. These stones are of regular and straight variety. The former are valued at \$17.50 each, the latter at \$15.50 each. He said these were the next witness.

He said these were the next witness.

A CABLE AD EVERY DAY

We've Blazed a New Trail-- This Time in the Sheet Music Department

All Year Round **10c** The Standard Price

For All Popular Vocal or Instrumental Music.

This is not a short time out. It's a new policy. To-day--this year and the next--always come here for the popular song and instrumental "hits." 10c will be the price here when 25c and up elsewhere.

Operatic and Classic Sheet Music. Also Music Books at lowest prices.

VICTORS, VICTROLAS. Regular and Red Seal Records. Largest stock in the South. Standard prices. Easy terms.

Cable Piano Co. 213 E. Broad St.

deal of interest and attracted a large crowd. There were only two bidders, however--Sol Cooper and Preston L. Roper.

The bidding was opened at \$25,000, and the property was knocked out to Preston Roper at \$20,000. The building fronts forty-seven feet on Sycamore Street.

STONE SUPPLIED BY CONTRACTORS

Witnesses Say They Were Not Informed City Was to Furnish It.

It was shown last night in the further investigation of the charges brought by Clarence G. Burton against the City Engineer's office that out of a total expenditure of something like \$243,000 for city sewer work in 1910 the purchase of stone for sewer construction totaled \$25,222. A part of this latter amount only \$70.25 went on sewers where specifications were inserted so that the contractor was to furnish stone.

It was also shown that in a comparison of bids among contractors, Mr. J. H. Little, who was the lowest bidder, and that frequently after deducting the cost of what was spoken of as "inlet" or "basin" stones from Mr. Burton's bids, he was still not the lowest bidder, although the contract was awarded to him. This made it appear to the committee that he had not been discriminated against by the Engineer's Department.

Many Witnesses. The committee met last night at the City Hall at 8 o'clock and sat until midnight, when the hearing was adjourned until next Thursday afternoon at 4:30 o'clock. Many witnesses were introduced, some testifying at great length. Little additional light was thrown on the situation, however, and neither Contractor Burton nor City Engineer Bolling took the chair.

Furnished Stone. Hunter Burton, of the firm of Burton & Driscoll, was first called. The witness, replying to questions from Attorney Talley, said that he had been awarded several contracts by the city for sewer work. That in all work done by him his firm supplied the stone. That at no time was he ever informed by any person connected with the City Engineer's office that the city did not intend to furnish stone. He bid on the contract and was four in number, making an allowance for furnishing stone.

Mr. Burton was examined as to the cost of stone used by him, after which he was excused.

Understood Bid. Contractor J. J. Smith was next called, and said that on the Cary Street sewer he bid with expectation of supplying stone.

In the next contract awarded by the city to Mr. Smith he had bid with the understanding that he was not to supply stone, did not include it in his bid and did not supply it. This stone was supplied by the city.

Colonel George Wayne Anderson, counsel for the city, asked the witness if he had not on one occasion been overruled in his work. He replied that he had not been overruled, that he had called the attention of the City Engineer's department to this and had refunded the amount overpaid to the city.

Contractor W. E. Fletcher was called. He introduced a letter written by him to City Engineer Bolling, saying that he was not to furnish stone, but only to haul stone supplied by the city to the work on the sewers.

Directed Letter. Mr. Fletcher was asked where he had written the letter introduced. He replied that he had not written, but that it had been written in the office of the City Engineer to Mr. P. Talley, first Assistant City Engineer, and at the request and suggestion of persons in that department.

P. Talley was called. Mr. Talley exhibited a tabulated statement of money paid out for stone, showing the city to contractors by the late Mr. Bolton between March 23 and December 22, 1910. The table contained various subdivisions of the total

The bearing of children is frequently followed by poor health for the mother. This supreme crisis of life finding her physical system unprepared for the demands of nature, leaves her with weakened resistive powers and sometimes chronic ailments. This can be avoided if Mother's Friend is used before the coming of baby, and for healthy women can remain a healthy mother. It is the only remedy that perfectly and thoroughly prepares the system for healthy motherhood, and brings about a new and easy consummation of the term. Women who use Mother's Friend are always saved much suffering when the little one arrives, and recover more quickly, and with no ill effects, or chronic troubles. Every expectant mother should safeguard her health by using Mother's Friend, thus preparing her physical condition for the hour of motherhood. This medicine is for sale at drug stores. Write for free book for expectant mothers.

ACQUAL DRAINAGE WORK TO BEGIN

Nearly 100,000 Acres of Land in North Carolina Will Be Reclaimed.

[Special to The Times-Dispatch.] Raleigh, N. C., March 21. The Board of Drainage District, Hyde county, and a number of investors interested in the drainage of the Pamlico River, which is expected to reclaim for agriculture, purchase nearly 100,000 acres of the most fertile lands in the State, in conference decided to leave the matters in question entirely with the three drainage commissioners. J. S. Kerr and T. H. H. Gibbs, and they spent much of the afternoon holding the matters at issue, principal among which is as to whether there shall be one pumping plant, or whether the drainage scheme, Original plans by United States Engineer O. Wright called for only one pumping plant, Eugene Coleman, of New York, being called in as an expert, approved the general plans of Wright, but used a double pumping station.

The commissioners will pass on the matter in a day or two, and propose to proceed without further delay with the actual drainage work.

NO QUORUM PRESENT Ordinance Committee of Council Fails to Meet.

The Council Committee on Ordinance, Charter and Reform failed of a quorum last night, and the Board of Aldermen adjourned to meet on Thursday night.

The meeting will be but three days before the adjournment of the Council, and will give no opportunity for the council to give in case all of the pending matters are not reached. Messrs. Gurnet and Vonderhorst, members of the Subcommittee on Streets and Highways, charged Mr. Hirschberg as outside and was not called into the committee room. The committee adjourned at 10 o'clock.

Mr. Ratcliffe and others were present to advocate the ordinance reducing the membership of the Council, and members of the street committee were present to advocate the adoption of the plan proposed by the Lynch committee for reorganization of the City Engineer's office. Other ordinance matters of usual importance are pending, and it is doubtful if the docket can be cleared in one night.

Will Make Check Good. C. E. Pollard, a young white man, was arrested yesterday on a charge of stealing \$12 from Meyer Greenstein. He said he had used a worthless check. He stated that he was a clerk in the Greenstein store.

Engagement Announced. Frederickburg, Va., March 21. Mrs. Ellis T. Baker, of this city, announces the engagement of her daughter, Miss Margaret Snead Baker, to Alan Wingfield Graves, of Baltimore. The wedding will be solemnized in this city during the week.

Eddie Marker. The interment will be in Maury Cemetery. The funeral of William H. Bateman, of 115 Porter Street, who died Sunday in the Retreat for the Sick, was conducted yesterday afternoon from the residence. The interment was in Maury Cemetery.

Start Pigeon Ranch. Twenty-five hundred acres of land on James River, near Bear Dam, have been purchased by several Richmonders for the purpose of starting a pigeon ranch and game preserve.

Police Court Cases. Alfred Wilcox, colored, was fined \$5 and costs yesterday morning by Justice Maurice in Police Court, Part 2, on the charge of intoxication to make mince meat of Joshua Long.

Man Battened Buried. The funeral of William H. Bateman, of 115 Porter Street, who died Sunday in the Retreat for the Sick, was conducted yesterday afternoon from the residence. The interment was in Maury Cemetery.

Dead. R. B. Ozmer, of Chesterfield, died yesterday morning. He was seventy-five years old. The funeral will be conducted this afternoon at 2:30 o'clock by Rev. J. T. Haley from the Stockton Street Baptist Church.

Champions Beat Savannah. Savannah, Ga., March 21. The world's champion team from Savannah South Atlantic League team here today defeated the champions who leave to-morrow night for Charleston on the way back to Philadelphia.

GOOD ROADS ABOUT NEW YORK FOR AUTOMOBILE TOURING The Hotel St. Regis a Perfect Home for Automobileists Visiting New York.

There are 100,000 automobiles registered at the State Capitol at Albany, with more than two-thirds of them clustered in New York City and vicinity, proving that the roads about the metropolis are perfectly suited to the enjoyment of this kind of sports. Where can be found better roads than those of Long Island? Or more attractive scenery than the Hudson River Valley, the Delaware Water Gap, the Berkshires, the Adirondacks, or the White Mountains? All these are readily reached by automobile from New York City in a delightful and untroubled manner. The visiting automobilist, who comes to New York to enjoy these delightful excursions, can do no better than make his headquarters at the St. Regis, at Fifth Avenue and Fifty-fifth Street, a hotel that has won for itself the reputation of America's finest, a reputation richly deserved in every respect. It is the highest class in every feature. The St. Regis restaurant has a reputation for the highest quality of food, skill in preparation and perfection of service; while the charges are no higher than those of other first-class hotels. Travelers coming to New York and stopping at the Hotel St. Regis will find accommodations of the very highest class, particularly at standard rates. Single rooms are \$3 and \$4 a day; the same, with private bath, for \$5 a day (or \$6 for two people); while for a parlor, bed room and private bath the rates are \$12 a day and up.

This Will Stop Your Cough in a Hurry

Save \$2 by Making This Cough Syrup at Home.

This recipe makes a pint of better cough syrup than you could buy ready-made for \$2.50. A few doses usually conquer the most obstinate cough. Stops even whooping cough quickly. Simple as it is, no better remedy can be had at any price.

Take one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Add 2 1/2 ounces of Pinex (dilly cents worth) in a pint bottle, then add the Sugar Syrup. It has a pleasant taste and lasts a family a long time. Keep in a glass bottle, or in two or three hours.

You can feel this take hold of a cough in a way that means business. Has a good tonic effect, braces up the appetite and is slightly laxative, too, which is a healthy remedy for pneumonia, bronchitis, asthma and all throat and lung troubles.

A quantity of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. It is sent to The Pinex Co., Ft. Wayne, Ind.

Dr. Masie to Preach. Rev. Robert K. Masie, D. D., of the Episcopal Theological Seminary, near Alexandria, will preach at Holy Trinity Church at 10 o'clock this afternoon.

Suit Is Continued. The suit of Thomas Smith, Jr.'s administrator against Louis B. Baker was set to trial yesterday in the City Circuit Court. The case was continued on motion of counsel for the defendant.

Engagement Announced. Frederickburg, Va., March 21. Mrs. Ellis T. Baker, of this city, announces the engagement of her daughter, Miss Margaret Snead Baker, to Alan Wingfield Graves, of Baltimore. The wedding will be solemnized in this city during the week.
